|   | Given "ACP Add Network" in "Scenario: Create NTT Network without mandatory fields" |           |                   | 0.63s        |
|   | Given as a "Regular User"  |           |                   | 43.43s       |
|   | Given the "ACP Add Network" order page   |           |                   | 49.73s       |
|   | When I populate the new form with the following details                            |           |                   | 11.95s       |
|   |  | name      | value             |              |
|   |  | Account   | {acp.account}     |              |
|   | Then I submit the order and check for mandatory fields                             |           |                   | 24.73s       |
| Then I close the page                       |  |           | 1.50s             |              |
